PROJECT BACKGROUND

This project was recommended in the Walk+Bike Montrose plan, which identified these corridors to be developed into Neighborhood Safe Streets. A **Neighborhood Safe Street** is a corridor designed so that roadway users of all ages and abilities, no matter their mode of travel, will feel safe and comfortable traveling along that corridor

PROJECT OBJECTIVES

Convert Woodhead St. and Hawthorne St. corridors into Neighborhood Safe Streets and making the corridors more walkable and safer for all, recognizing the daily walk trips by parents and kids to Lanier Middle School.

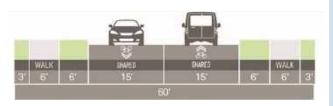

PROJECT DESCRIPTION

Improve Bicycle Safety & Mobility:

Mill & overlay existing deteriorated asphalt roadway, re-stripe the roadway, replace speed humps with speed cushions, and install curb extensions at intersections to develop a safe, low-stress shared roadway experience for both motorists and bicyclists.

• Improve Pedestrian Facilities:

Promote a pedestrian-friendly environment by incorporating 6-FT wide, continuous, uninterrupted and safe sidewalks accompanied by City compliant curb ramps along the project corridors, within public right-of-way. The sidewalks are only reduced at specific spots to accommodate mature trees. The corridors were physically walked with an Urban Forester to assist with the sidewalk design around any mature trees.

PROJECT STATUS

- Project is substantially Complete
- SOD installation completed.
- · Precast Curbs installation for bike lanes completed.
- Striping and signs installation on progress

NEXT STEPS

Re: Proposal for Pedestrian Crossing Analysis – Stanford Street at West Gray Street

Dear Mr. Ali:

TEI Planning + Design (TEI) is pleased to submit the proposal to prepare a study to evaluate the appropriateness of additional engineering treatments and crossing improvements at three locations described below:

- 1. Adjacent to Wharton Academy
- 2. Near the existing pedestrian crossing of West Gray Street at Stanford Street
- 3. Approximately half way between Stanford Street and Taft Street

Task A: Existing Conditions Review

TEI will collect the following data to use in the analysis:

- 1. Conduct field observations to assess existing conditions/operations/pedestrian activity
- 2. Collect 24-hour weekday vehicle speed and volume data at one location in the study area

Task B: Analysis for Recommended Crossing Treatments

TEI will evaluate field conditions along with the data collected in Task A and apply Houston Public Works standards to assess the need for additional safety measures at each of the three locations above.

Task C: Prepare Memo Report with Schematic Figure

TEI will prepare a memo report including the items in Tasks A & B above for all three locations. TEI will include a pedestrian delay analysis (per the Highway Capacity Manual) and recommendation for additional control devices (as warranted per the IDM). TEI will include a schematic figure showing the recommended locations of additional safety measures in plan view.

Montrose Redevelopment Authority 2023 and 2024 Pursuit of Funding

May 2023

The Goodman Corporation (TGC) has developed and submitted several grant applications for the Montrose Redevelopment Authority in 2022 and 2023. These include submissions through the TxDOT Transportation Alternatives Program, a FY23 USDOT RAISE grant application, as well as FY24 Appropriations application.

This scope of services will facilitate two items:

- It will continue to provide TGC with resources, via a monthly set fee, to scan, research, identify and provide the Montrose Redevelopment Authority Board of Directors with monthly reports on funding opportunities and programs that fit within the organization's mission and goals. This set fee will also enable TGC to participate in a variety of Authority committee meetings, ad-hoc meetings, and other activities related to understanding new and ongoing projects and initiatives the Authority is endeavoring towards.
- It will provide a renewed budgetary allocation so that upon concurrence of the Projects Committee, TGC can complete individual grant applications and detailed work related to funding pursuit itself. This budgetary amount is meant to provide TGC with the resources, flexibility, and expediency necessary to develop and submit grant pursuit documentation given tight timeframe requirements.

Task 1 – Monitor and Present Funding Opportunities

Description: TGC will actively monitor, review, and synthesize Notices of Funding Opportunity (NOFO) from a variety of regional, state, and federal agencies related to funding programs which the Authority may be interested in pursuing.

Entities and opportunities that TGC will monitor include, but are not limited to:

- Congressionally directed funding opportunities
- Economic Development Administration
- Environmental Protection Agency
- Federal Emergency Management Administration
- Federal Highway Administration, Federal Transit Administration
- General Land Office
- Houston-Galveston Area Council
- National Not for Profits
- Texas Department of Emergency Management
- Texas Department of Transportation

- Texas Parks and Wildlife Department
- Texas Water Development Board

TGC will coordinate with the Authority staff, committees, and consultants on projects, project development, and activities monthly or as appropriate to remain engaged on projects and initiatives. This may range from approximately one to three meetings a month, depending on activity and necessity. TGC will discuss projects, goals, objectives, and other pertinent items with federal, state, regional, and local officials, and partners towards funding pursuit as necessary as appropriate.

Finally, TGC will provide a monthly written report to the Authority with information on opportunities and their relevancy. TGC will discuss the applicability and relevancy of opportunities as appropriate. Action on individual opportunities will occur via Task 2.

Task 2 – Pursuit of Funding

Description: Upon concurrence from the Authority, TGC will develop grant applications and related materials inclusive of project narrative documentation, benefits documentation and related appendices, support documentation (and related coordination), technical reports and related graphics and production support. The cost of each effort will be discussed and agreed upon by the Authority's designee(s) on the individual level of effort, but a general overview is provided in the table below. The resources made available in this task are those that are initially authorized and may be increased or otherwise adjusted upon in the future.

	Tier Level (Type of Grant, Per Application)	Approximate Cost Per Application
Tier 1	Grants and opportunities which require only a narrative	\$3,000
Tier 2	Grants which require detailed narrative and a level of basic analysis	\$8,500
Tier 3	Grants which require detailed narrative, coordination related to application portals, basic analysis, project development, and benefits analysis	\$17,500
Tier 4	Grants which require Tier 3 elements along with a more detailed level of analysis and project development. This Tier also requires a higher level of coordination with elected officials and other stakeholders.	\$35,000
Tier 5	Grants which require Tier 4 elements and a higher level of analysis, project development, and benefits analysis. This Tier is inclusive of the highest level of coordination with elected officials and other stakeholders.	\$52,500

Task 1 progress payments will be provided monthly per the table below. Task 2 progress payments will be made based on the cost of each individual pursuit of funding effort, as agreed upon prior. Invoices, including progress reports, will be provided each month. The costs within this scope are inclusive of all direct and indirect costs (e.g., travel, overhead, printing).

SERVICE AGREEMENT

This Service Agreement (this "Agreement") is entered into on this 15th day of May, 2023 (the "Effective Date") by and between Montrose Redevelopment Authority, nonprofit local government corporation, organized and existing under the laws of the State of Texas, acting by and through its governing body, the Board of Directors and acting on behalf of REINVESTMENT ZONE NUMBER TWENTY-SEVEN, CITY OF HOUSTON, TEXAS, a reinvestment zone created by the City of Houston pursuant to Chapter 311 of the Texas Tax Code, as amended (the "Owner"), and Hollaway Environmental and Communications Services, Inc. (the "Contractor").

RECITALS

WHEREAS, the Owner has determined it is in the Owner's best interest to engage a professional service provider for the services described herein; and

WHEREAS, the Parties have read and understood the terms and provisions set forth in this Agreement and have been afforded a reasonable opportunity to review this Agreement with their respective legal counsel.

NOW, THEREFORE, in consideration of the premises, mutual promises, covenants, obligations and benefits herein contained, the Owner and Contractor agree as follows:

I. SERVICES

Section 1.01. Services. Contractor shall perform public relations communication matters services (the "Services") for the Owner as authorized from time to time by written task orders ("Task Orders") approved by Owner's Board of Directors (the "Board"), and Contractor shall be compensated for such Services as approved by the Board. Contractor may not deviate from approved Services without the prior written consent of the Board. Task Orders shall be evidenced by a written proposal or service order, which shall include the Services to be performed, the location, and the fees. Currently approved Task Orders are attached hereto as Exhibit A. Nevertheless, all proposals or service orders of the Contractor that are approved by the Board are governed by the terms of this Agreement even if such proposal or service order does not expressly reference or is not attached to this Agreement. Any additional Task Order shall be approved by the Board and shall be added as another exhibit to this Agreement, signed and dated by Owner and Contractor. The exhibits added shall be sequenced in alphabetical order beginning with Exhibit B and shall be dated when approved by the Board. All fees described in the Task Orders shall include charges for labor, materials, insurance, equipment and any other items required to perform the work in the Services. The terms of this Agreement shall supersede any standard or preprinted terms appearing on the face or reverse side of any Task Order, and the Services authorized by each Task Order shall be subject to the terms and conditions of this Agreement.

II. COMPENSATION

<u>Section 2.01</u>. <u>Payment for Services</u>. Contractor shall submit a detailed monthly invoice (together with any back-up documentation requested by the Owner) indicating the Services performed for that month under the terms of this Agreement. Contractor shall submit detailed invoices to the Owner's bookkeeper:

Ms. Jennifer Landreville Equi-Tax, Inc. P.O. Box 73109 Houston, TX 77273 jl@equitaxinc.com

Payment shall be made within sixty (60) days of the approval of Contractor's invoice by the Owner. Interest shall not be paid on service invoices.

Contractor agrees that upon completion of the work called for hereunder, it will furnish the Owner with proof, satisfactory to the Owner, that all labor, material and equipment for which Contractor has been paid, have been satisfied and paid, unless the Owner waives such proof. Upon furnishing such proof, or waiver thereof, the amount billed by Contractor will be reviewed by the Owner for approval and all undisputed amounts shall be paid to Contractor in accordance with this Section.

III. GENERAL CONDITIONS

Section 3.01. Contractor's Duties. Contractor covenants with the Owner to furnish its best skill and judgment in performing the Services for the Owner. Contractor agrees to furnish efficient business administration and superintendence and to use its best efforts to furnish at all times an adequate supply of workmen, materials and equipment and to perform the Services in the most expeditious and economical manner. Contractor agrees to exercise reasonable diligence in performing the Services, using the degree of care and skill that a prudent person in the same or similar profession would use.

Section 3.02. Relationship of Owner and Contractor. Contractor has been retained by the Owner for the sole purpose and to the extent set forth in this Agreement. It is understood and agreed that all work so done by Contractor shall meet with Owner approval, but that the detailed manner and method of performing the Services shall be under the control of Contractor. Contractor's relationship to the

Owner during the term of this Agreement is that of an independent contractor. The relationship between the Owner and Contractor is not exclusive.

Section 3.03. Insurance. Before commencing any work hereunder, Contractor shall furnish certificates of its insurance and copies of any required endorsements to the Owner evidencing insurance coverage in the coverage amounts shown on **Exhibit C**, which coverage shall be maintained throughout the term of this Agreement. Certified copies of each policy shall be furnished to the Owner upon the Owner's request. Contractor shall not violate or knowingly permit to be violated any condition of the insurance policies required by this Agreement. Nothing contained in this Section shall limit or waive Contractor's legal or contractual responsibilities to the Owner or others. Cancellation or expiration of any of said insurance policies shall not preclude the Owner from recovery thereunder for any liability arising under this Agreement.

Contractor's insurance shall include the following endorsements:

- A. The Owner and the Owner's agents and employees shall be added as additional insureds to all coverage required under this Agreement for all liability arising out of Contractor's work under this Agreement, except for workers' compensation insurance, as to the full limits of liability provided by each insurance policy (including limits greater than the minimum limits required herein).
- B. All required insurance shall be endorsed to provide that coverages afforded under the policy will not be canceled or modified without at least seven (7) days prior written notice to the Owner. Renewal certificates shall be provided at least seven (7) days prior to the termination date of the current certificates of insurance during the term of this Agreement.
- C. Inasmuch as Owner and Contractor intend that all of Contractor's insured loss and liabilities fall upon Contractor's insurers, without recourse against Owner, Contractor agrees to cause all of its policies of insurance maintained in force or procured by Contractor to provide, if necessary by endorsement, that each such insurer fully waives subrogation against the Owner and its agents and employees.
- D. All of the aforesaid policies shall be endorsed to provide that the coverage provided to the Owner as an additional insured will be on a primary basis, and not in excess of other insurance coverage available to the Owner, and that neither Contractor nor its insurer will seek contribution or recovery from the Owner or such other insurance available to the Owner.
- E. Contractor shall cause its subcontractors, including all persons hired by Contractor who are not Contractor's employees, who perform any part of the work hereunder, to be added as additional insureds to all coverage required under this Agreement, as to the full limits of liability provided by each insurance policy (including limits greater than the minimum limits required herein).

Re: TIRZ 27 & Montrose Redevelopment Authority
Public Relations and Communications Services
Task Order 01

Dear Mr. Morris and Mr. Bapat;

Thank you for allowing Hollaway Environmental + Communications Services, Inc. (Hollaway) this opportunity to support the Montrose Tax Increment Reinvestment Zone (TIRZ) 27 & Montrose Redevelopment Authority (MRA). Approval of this proposal would allow Hollaway to provide public relations and communications services to the Montrose TIRZ 27.

SCOPE OF WORK

To support the public engagement and community outreach goals associated with the Montrose TIRZ 27 & MRA, the tasks to be performed under this Task Order include the following:

1. Public Outreach and Collateral Materials

In lockstep with the MRA Directors, Hollaway will develop key messaging to support the MRA and its projects, utilizing any pre-existing materials and maintaining continuity with the Board of Directors' expectations and desires for MRA communications efforts. This information will serve as the backbone of all public communications efforts going forward (web, media, print, video, etc.).

Hollaway will develop primary and secondary key messaging to support communication with various audiences. Primary messages convey broader, less detailed information, and secondary messages include more detailed information supporting the primary message. Key messaging will be consistent across all communications, and Hollaway will revise and modify this messaging to meet the needs of specific audiences.

Services to be provided:

- Provision of relevant information that reaches community members through their preferred channels and in their preferred languages
- Facilitation of small group briefings and meetings,
- Materials development/graphic and design services (development of print and digital collateral, including fact sheets, newsletters, handouts, etc.)
- Copywriting and editing (to support web communications, among others)
- Website content development to support existing web initiatives
 - Videography and photography
 - Video production and presentation preparation support

- Social media support, as needed
- o Success-tracking and public involvement/comment documentation
- Thorough QA/QC of all work products

2. Event Support

Hollaway will plan, organize, and execute community outreach events and meetings (virtual and/or inperson). Appropriate multilingual and multicultural considerations will be made when advertising/noticing, hosting/facilitating, and documenting and synthesizing public comments received.

Hollaway will plan, facilitate set-up/teardown, and document successful community engagement meetings. Hollaway will support the MRA in the maintenance of accurate and dependable records of all community engagement meetings, including documentation of all noticing methods; community engagement meeting attendance and comments record keeping; public comment collection, response tracking, and follow-up; and cataloging and provision of all original feedback documents.

3. Support Services

Hollaway maintains on-staff capability to support the MRA with graphic design, video production, and photography needs.

Hollaway has the capability to create, produce, and mass distribute a wide variety of multilingual print and digital pieces, including newsletters, construction advisories, postcards, posters, maps, and more.

COST PROPOSAL

In coordination with the Montrose TIRZ 27 and the Redevelopment Authority, the tasks outlined in this Scope of Work/Task Order 01 will be performed on a time and materials basis, with a not to exceed the amount of **\$250,000.00**. It is assumed that services will be billed in accordance with Hollaway 2023 Standard Billing Rates.

Tax Increment Reinvestment Zone (TIRZ) #27 – Montrose Committee Report Form

Notes

- The Directors began the meeting by introducing themselves to everyone in the Committee explaining background experience and their purpose for joining the Affordable Housing Committee
- The Committee reviewed the overview of the January Advisors Study
 - o How current is the data in the January Advisors Study?
 - The recommendations for preserving housing stock are still accurate information.
 - The amount of Air B&Bs within the zone is no longer an accurate number.
 - o What are some ideas for an incentive structure?
 - The Committee agreed that the Houston Community Land Trust was a viable option to have people rent/own in Montrose.
 - The Committee discussed a subsidy program where the TIRZ and/or partners incentivized owners to rent out rooms, garages, duplexes, etc. for a provided subsidy. The amount of an adequate subsidy is unknown currently and will most likely be site specific depending on land costs and remodeling costs.
- The Committee discussed scheduling a large public meeting held by the TIRZ Board, to address the Air B&B issue in Montrose.
 - Potentially, there could be a second public meeting to address Air B&Bs in all of Houston along with other TIRZ's.
 - Funding needs to be increased for public engagement process to accommodate potentially four public meetings a year.
 - This first meeting is meant to convene with all stakeholders in order to start a formal discussion on the Air B&B Meeting. This meeting will aim to share information and ideas on how to develop standards for Air BnB's for Montrose and other Houston communities.
 - The meeting must be scheduled in a timely manner, and the TIRZ must coordinate with the Public Engagement Committee and Holloway on details of the meeting, participation and handouts.
- The Committee discussed what percent of AMI should be used in Montrose.
 - This information will come from the more in-depth January Advisors study from Jeff Reichman.
 - There will be two classifications of AMI when incentivizing builders/homeowners to sell/rent at an affordable price. A lower AMI percentage will be used in order to allow residents to rent at an affordable price and a higher AMI percentage will be used for residents who may be able to buy property in Montrose (rent-to-own).
