RE: TxDOT TA Project (FY 2023) – Montrose Safe Routes to Schools Connections

To whom it may concern:

I am/We are pleased to support the Montrose Redevelopment Authority (TIRZ 27) in their pursuit of funding through the 2023 TxDOT Transportation Alternatives Set-Aside Program for the Safe Routes to Schools Connections Project.

This project is essential to improve the state of pedestrian-bicycle connections by installing new sidewalks and replacing existing sidewalks in disrepair on several streets in the Montrose area. This improved and completed sidewalk network will provide safer pathways to Wharton Dual Language Academy, Gregory-Lincoln Education Center, and Carnegie Vanguard High School, as well as other activity centers and residential development in the area.

Please accept this letter as evidence of community and public support for this important project. Thank you for your attention and consideration.

Sincerely,

Name
